HALF YEAR AUDITED FINANCIAL STATEMENTS OF ACCESS BANK PLC

We refer to the post listing requirements of The Nigerian Stock Exchange (The Exchange) on the filing of Half Year Financial Statements by quoted companies.

Customarily, Access Bank Plc renders Audited Financial Statements Half Yearly which in line with the rules of The Exchange is expected to be published within 60 days from the end of period. Due to the recently concluded merger between Access Bank Plc and defunct Diamond Bank Plc and consequent business integration, the Half Year Audit of the enlarged institution has taken more time to complete than usual. This is considered a one-off event being the maiden audit sequel to the merger.

Consequently, we hereby notify The Exchange and the investing public that the Bank's Half Year Audited Financial Statements, subject to Central Bank of Nigeria's approval, will be submitted not later than September 15, 2019.
