A. LETTER FROM THE CHAIRMAN OF ACCESS BANK

RC 125384

Access Bank Plc

January 24, 2019

TO THE SHAREHOLDERS OF ACCESS BANK PLC

Dear Sir/Madam,

PROPOSED SCHEME OF MERGER BETWEEN ACCESS BANK PLC AND DIAMOND BANK PLC

Introduction and Background

Access Bank Plc recently commenced the implementation of its 5-year (2018-2022) corporate strategic plan with the vision to become Africa's Gateway to the World and the World's Most Respected African Bank within the stated period. The building blocks of this vision comprise six levers viz: retail banking growth and wholesale banking consolidation; digitally-led bank; customer focused bank; analytics driven insights and robust risk management; global collaboration and universal payments gateway. More specifically, to explore prospects directed at strengthening the Bank's retail banking franchise, Access Bank appointed Chapel Hill Denham Advisory Limited and Citigroup Global Markets Limited to advise the board on a number of potential inorganic opportunities in the Nigerian banking sector that will enable Access Bank achieve scale more rapidly, as well as enhance its business proposition.

On behalf of the Board of Directors of Access Bank Plc, I am pleased to inform you that the Boards of Access Bank Plc and Diamond Bank Plc have signed a Memorandum of Agreement following discussions between both parties. The Board has approved the general terms of the merger and is now recommending that shareholders also approve the merger. The merger will create a leading Tier 1 Nigerian bank and the largest bank in Africa by number of customers. The merger will be consummated through a Scheme of Merger ("the Scheme") under Part XII of the Investments and Securities Act No. 29, 2007. Under the Scheme, Diamond Bank will transfer all its assets, liabilities and undertakings to Access Bank (the Enlarged Access Bank). The entire issued share capital of Diamond Bank shall be cancelled and Diamond Bank shall be dissolved without being wound up. Under the terms of the Scheme, Diamond Bank Shareholders will receive consideration comprising: (i.) a cash consideration of ₦1.00 per share and (ii.) 2 shares in the Enlarged Access Bank for every 7 Diamond Bank shares held as at the Effective Date. Following completion of the Scheme, Access Bank will be the largest bank in Nigeria by total assets and the leading Nigerian bank by several other key indices.

A merger with Diamond Bank enables Access Bank to acquire a bank with 17 million retail customers and the most viable mobile payment platform. The expected revenue and cost synergies are material and promises significant long term value. The combination will allow Access Bank to accelerate its prospects of becoming the leading retail bank in Nigeria and Africa. Access Bank will benefit from Diamond Bank's unparalleled retail banking expertise and strong digital offering. Together, the two banks would create one of Nigeria's leading banks; with presently approximately 27 million customers, 3,100 ATMs and over 33,000 POS terminals, as well as more than 10 million mobile customers. Access Bank and Diamond Bank share many areas of focus, including women,

CHAIRMAN'S LETTER

youth, the financially excluded, and entrepreneurs. This combination will undoubtedly enable Access Bank to further develop its positioning and market leadership in these growth sectors.

The Enlarged Access Bank will have a robust mobile banking platform, ensuring that customers of the Enlarged Access Bank will continue to access a strong mobile banking proposition. Access Bank and Diamond Bank also operate the same technology platform, which the respective Boards believe will enable them to complete the integration with minimal disruption or adverse impact on customers, in addition to generating significant synergies.

Benefits and Effects of the Scheme

Merging the two banks will provide significant opportunities and benefits to customers, staff, shareholders and other stakeholders, as summarised below:

- a) The combination of Diamond Bank's strong retail customer franchise and Access Bank's proven risk management and capital management expertise will create a new bank with strong value creation potential;
- b) The merger accelerates the attainment of Access Bank's objective of becoming a leading bank in Nigeria and Africa's Gateway to the World. The Enlarged Access Bank will be the largest retail bank in Africa;
- c) Diamond Bank has a formidable retail business with the largest retail customer base in Nigeria; over 17 million customers. Diamond Bank also has a track record of customer acquisition and low cost liabilities generation. The Enlarged Access Bank will serve 27 million retail customers, almost double the number of customers of any other bank in Nigeria and more than any other bank in Africa;
- d) The Enlarged Access Bank's breadth, scale and product range will further accelerate the financial inclusion agenda that Access Bank and Diamond Bank had pursued separately;
- e) The Enlarged Access Bank will increase its market reach and customer convenience through an expanded network of over 600 branches, complemented by strengthened distribution channels;
- f) The Enlarged Access Bank will have a formidable commercial banking business, through the combination of the customers and by leveraging combined product offerings and marketing capabilities;
- g) The Enlarged Access Bank's robust balance sheet size will equip it to provide credit lines to a more diversified client base; and
- h) Access Bank's and Diamond Bank's operations perfectly complement each other and a merger with Diamond Bank will be accretive to Access Bank, given Diamond Bank's leadership in digital and mobile-led retail banking. This in turn will accelerate Access Bank's strategy as a significant full service bank in Nigeria and a Pan-African financial services champion.

Background Information on Diamond Bank Plc

Diamond Bank Plc began operations as a private limited liability company on March 21, 1991 having been incorporated on March 15, 1991. In February 2001, Diamond Bank was granted a universal banking licence from the Central Bank of Nigeria. Following a very successful private placement of shares, which substantially raised Diamond Bank's equity base, Diamond Bank was re-registered as a public limited company on January 28, 2005. In May 2005, Diamond Bank was listed on The Nigerian Stock Exchange ("The Exchange"). In November 2018, Diamond Bank was re-licensed as a national bank following Diamond Bank's decision to sell its international operations.

CHAIRMAN'S LETTER

Today, Diamond Bank is arguably the fastest growing retail bank in Nigeria with a track record of high quality banking solutions for customers. Diamond Bank is a lead driver of financial inclusion, enhanced customer experience through innovation and technology, and regarded as a supporter of lifestyle trends.

Diamond Bank currently operates as a full service commercial bank and has three key operating segments – retail, business and corporate banking. The bank currently has one (1) operating subsidiary which is wholly owned - Diamond Pension Fund Custodian - and a special purpose vehicle, Diamond Finance BV, incorporated in 2014 to provide subordinated foreign currency loans to Diamond Bank Plc. Diamond Bank Plc is considered one of the systemically important banks in Nigeria, by the Central Bank of Nigeria (“CBN”); with customer deposits of circa ₦1.1 trillion as of September 2018.

Industry Overview

The Nigerian banking industry currently consists of 21 commercial banks largely comprising domestic institutions, 16 of which are publicly listed on The Exchange, and representing over 30% of the total market capitalisation of The Exchange. The industry is primarily regulated by the CBN with the sole aim of ensuring high standards of banking practice and financial stability.

The Nigerian banking industry is currently contending with multiple challenges including macro-economic uncertainties, cyber risk, increased competition from alternative banking channels, increased regulations, and a restive customer base demanding effective and flexible banking services. However, the outlook for the industry is positive given the intensified efforts of the CBN to protect depositors’ funds. The implementation of IFRS 9 and Basel III in the sector could potentially improve asset quality of banks and strengthen risk management. In addition, Nigeria’s large unbanked population presents a unique opportunity for players with a wide branch network and viable technologies to promote financial inclusion in the economy.

As part of the process for the merger, your Board engaged the services of several experts to advise on the proposed transaction as disclosed on Page 6 of this document. The terms and effects of the Scheme are explained further in an Explanatory Statement from the Financial Adviser on Pages 14 to 23 of this document.

Recommendations

The Board of Access Bank, as advised by its Financial Advisers, considers the terms of the Scheme to be fair and reasonable. Therefore, the Board recommends that you vote in favour of the resolutions which are to be proposed at the Court-Ordered Meeting of Access Bank as detailed on pages 97 and 98.

If you are unable to attend the meeting in person, please complete and return the enclosed form of proxy in accordance with the instructions thereon. Please note that lodging a form of proxy does not prevent you from attending the meeting and voting in person, should you subsequently decide to do so. However, in such instances, your proxy will not be entitled to attend or vote.

We look forward to welcoming you or your proxy at the meeting.

Yours faithfully,
Access Bank Plc

6.1. BACKGROUND

Access Bank and Diamond Bank are public limited liability companies, quoted on the NSE. Though Access Bank is significantly larger than Diamond Bank in terms of assets and shareholders' funds, both banks have complementary competencies and the proposed merger is expected to deliver significant cost and revenue synergies. It is anticipated that the synergies would lead to improved returns to shareholders and other stakeholders.

Pursuant to the Scheme, the assets, liabilities and undertakings of Diamond Bank will be transferred to Access Bank in consideration, for which new Access Bank shares will be issued to the shareholders of Diamond Bank. Access Bank shall be the surviving entity, with Diamond Bank being dissolved without being wound-up.

6.2. BASIS AND ASSUMPTIONS

The main assumptions used for the valuations are as follows:

1. The valuation date was December 14, 2018 based on the reference share prices of Access Bank and Diamond Bank respectively as listed on the Nigerian Stock Exchange;
2. The historical financials covering FY2013, FY2014, FY2015, FY2016 and FY2017 and unaudited financial statements of Access Bank and Diamond Bank for the period ended September 30, 2018 respectively;
3. The issued share capital of Access Bank is ₦14,463,985,816.50 made up of 28,927,971,631 shares at 50 kobo each and Access Bank had shareholders' funds of ₦472,683,141,000 as at September 30, 2018; and
4. The issued share capital of Diamond Bank is ₦11,580,194,484 made up of 23,160,388,968 shares at 50 kobo each and Diamond Bank has shareholders' funds of ₦221,609,520,000 as at September 30, 2018.

Methodologies Considered

The Financial Advisers employed the use of the following valuation methods as a basis for determining the value of the Scheme:

- Adjusted Net Assets Valuation;
- Historical Market Price Analysis;
- Comparable Companies Trading Multiples;
- Gordon Growth Model; and
- Transaction Multiples Analysis

Adjusted Net Asset Valuation

The Net Assets Valuation is based on Access Bank and Diamond Bank's net assets as at September 30, 2018 and an expected significant impairment on Diamond Bank's loan book following IFRS 9 implementation.

Historical Market Price Analysis

The Financial Advisers also analysed the historical prices that existed between Access Bank and Diamond Bank. The results of the analysis are set forth in the following table:

APPENDIX I - BASIS AND VALUATION

Trading Period	Access Bank (₦)	Diamond Bank (₦)
December 14, 2018 Market Price	7.45	0.95
30-Day VWAP	7.39	0.84
90-Day VWAP	7.67	0.95
6-Month VWAP	7.77	0.97
1-Year VWAP	11.09	2.06

Comparable Companies Trading Multiples

This approach values a company based on multiples at which comparable companies' trade on the Nigerian Stock Exchange. Given that this approach is being used for a financial services company, the Financial Advisers considered the Price-to-Book and Price to Earnings multiples only.

Price to Book Value

The quoted sector average 2018E P/BV for Tier 1 and Tier 2 Banks as at December 14, 2018 were 0.82 and 0.25 respectively.

Price to Earnings

The quoted sector average 2018E P/E for Tier 1 and Tier 2 Banks as at December 14, 2018 were 4.1 and 10.5 respectively.

Gordon Growth Model

This approach values a company based on its sustainable returns, growth, and cost of equity. Growth and cost of equity estimates were observed from broker coverage of listed Nigerian banking peers. The Financial Advisers then considered a sustainable Return on Average Equity on Access Bank and Diamond Bank in determining valuation.

Transaction Multiple Analysis

This approach is a valuation method in which the price paid for similar companies in the past is considered an indicator of a company's value. In determining the valuation, several multiples from recently concluded deals in emerging markets were considered. The Cash Consideration and share exchange ratio were determined on the basis of the values of Access Bank and Diamond Bank shares of ₦7.45 per share and ₦3.13 per share respectively, as advised by the Financial Advisers and approved by the Boards of both banks. The ₦3.13 value per share represents a premium of 229% to the closing price of Diamond Bank's ordinary shares on December 14, 2018 and a premium of 55% to the 90-Day Volume Weighted Average Price ("VWAP") on December 14, 2018. The Financial Advisers also calculated that implied market value represented 0.33 times Diamond Bank's book value for the period ended September 30, 2018.

6.3. VALUATION SUMMARY

Based on the foregoing, the Financial Advisers have recommended upon the Scheme coming into effect, an exchange ratio such that a holder of 7 ordinary shares of Diamond Bank will be entitled to 2 ordinary shares of the Enlarged Access Bank, in addition to a cash consideration of ₦1.00 for every ordinary share of Diamond Bank held.

- 107. The Directors may from time to time pay to the members such interim dividends as appear to the Directors to be justified by the profits of the Bank, and, provided that the Directors act bonafide, they shall not incur any liability to the holders of any shares conferring a preference for any damage they suffer by reason of the payment of an interim dividend on any shares ranking after such preference shares. A resolution of the Directors declaring any interim dividend shall (once announced) be irrevocable and have the same effect in all respects as if such dividend had been declared upon the recommendation of the Directors by an Ordinary Resolution of the Bank. The Directors may also pay half-yearly, or at other suitable intervals to be settled by them, any dividend payable at a fixed rate, if they are of the opinion that the profits justify the payment.
- 108. Except as expressly authorised by the Decree, no dividend shall be paid otherwise than out of profit and the declaration of the Directors as to the amount of the profits of the Bank shall be conclusive.
- 109. Any General Meeting declaring a dividend may direct payment of such dividend wholly or partly by the distribution of specific assets, and the Directors shall give effect to such resolution, provided that no such distribution shall be made unless recommended by the Directors. Where any difficulty arises in regard to such distribution, the Directors may settle the same as they think expedient, and in particular may issue fractional certificates, and fix the value for distribution of such specific assets or any part thereof, and may determine that cash payments shall be made to any members upon the footing of the value so fixed in order to adjust the rights of all parties, and may vest any such specific assets in trustees as they deem expedient.

110. The Directors may retain any dividends payable on shares in respect of which any person is under the provisions as to the transmission of shares herein before contained entitled to become a member, or which any person under those provisions is entitled to transfer, until such person shall become a member in respect of such shares or shall duly transfer the same, or may pay the same to such person.
111. Any dividend, interest or other monies payable in respect of a share may be paid by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of a share held by joint holders, to the registered address of the person first named on the register of members as a holder of that share, or to such person and to such address as the holder or joint holders may in writing direct. 112. The payment by the Directors of any unclaimed dividend or other monies payable on or in respect of a share into a separate account shall not constitute the Bank trustee in respect thereof.

114. The Directors may, before recommending any dividend, set aside out of the profits of the Bank and carry on reserve or reserves such sums as they think proper, which shall, at the discretion of the Directors, be applicable for any purpose to which the profits of the Bank may be properly applied, and pending such application may, at the like discretion, either be employed in the business of the Bank or be invested in such investments (other than shares of the Bank) as the Directors may think fit.
115. The Directors may divide any reserve into such special reserves as they think fit and may consolidate into one reserve any special reserves or any parts of any special reserves into which any reserve may have been divided, as they think fit. The Directors may also without placing the same to reserve, carry forward any profits which they may think prudent not to divide.

CAPITALISATION OF PROFITS AND RESERVES

116. The Bank in General Meeting may, upon the recommendation of the Directors, resolve that it is desirable to capitalise any part of the amount for the time being standing to the credit of any of the Bank's reserve accounts, or to the credit of the profit and loss account, or otherwise available for distribution; and accordingly that such sum be set free for distribution amongst the members who would have been entitled if distributed by way of dividend, and in the same proportions, on condition that the same be not paid in cash but be applied either in or towards paying up any amounts for the time being unpaid on any shares held by such members respectively, or paying up in full unissued shares or debentures of the Bank to be allotted and distributed credited as fully paid up to and amongst such members in the proportions aforesaid, or partly in the one way and partly in the other, and the Directors shall give effect to such resolution.
117. Whenever such a resolution as aforesaid shall have been passed, the Directors shall make all appropriations and applications of the amounts resolved to be capitalised thereby, and all allotments and issues of fully paid shares or debentures, if any, and generally shall do all acts and things required to give effect thereto, with full power to the Directors to make such provisions for the satisfaction of the right of any member under any such resolution to a fractional certificate, or by payment in cash or otherwise, as they think fit, and also to authorise any person to enter, on behalf of all the members entitled thereto into an agreement with the Bank providing for the allotment to them respectively, credited as fully paid up, of any further shares to which they may be entitled upon such capitalisation; and any agreement made under such authority shall be effective and binding

APPENDIX II - FURTHER INFORMATION ON DIAMOND BANK PLC

A. Background Information

i) Incorporation and Share Capital History

Diamond Bank Plc began operations as a private limited liability company on March 21, 1991 having been incorporated on March 15, 1991. In February 2001, the Bank was granted a universal banking licence by the Central Bank of Nigeria. On January 28, 2005, following a successful Private Placement and an Initial Public Offer (“IPO”), the Bank was re-registered as a Public Limited Company and was subsequently listed on the Nigerian Stock Exchange in May 2005. In October 2005, the Bank acquired former Lion Bank of Nigeria Plc. The Bank was also listed on the Professional Securities Market of the London Stock Exchange in 2007, following a successful US\$500 million Global Depositary Receipts (“GDR”) offering. In 2013, following the Central Bank of Nigeria’s regulation repealing the universal banking model, Diamond Bank converted its license to an international commercial banking license. In November 2018, Diamond Bank was re-licensed as a national bank following Diamond Bank’s decision to sell its international operations.

The Bank’s initial authorised share capital at incorporation was ₦25,000,000 divided into 50,000,000 ordinary shares of 50 kobo each. At present, the authorised share capital is ₦20,000,000,000 comprising 40,000,000,000 ordinary shares of 50 kobo each and the issued and fully paid share capital is ₦11,580,194,484 divided into 23,160,388,968 ordinary shares of 50 kobo each.

A. RESPONSIBILITY STATEMENT

The Boards of Access Bank and Diamond Bank have taken all reasonable care to ensure that the facts stated and opinions expressed in this Scheme Document with regard to Access Bank and Diamond Bank respectively are both fair and accurate and confirm having made all reasonable enquiries that to the best of their knowledge and belief, as at the date of this Scheme Document, no material facts concerning their respective companies have been omitted from this document. The Boards hereby accept responsibility for the information provided.

B. CLAIMS & LITIGATION

Solicitor's opinion on the claims and litigation against Access Bank Plc

Access Bank Plc. is, in its ordinary course of business sued as defendant in Seven Hundred and Thirty-Seven (737) cases. The total monetary claim against the Bank is ₦1,848,635,765,053.95 (One Trillion, Eight Hundred and Forty-Eight Billion, Six Hundred and Thirty-five Million, Seven Hundred and Sixty-Five Thousand, Fifty-Three Naira, Ninety-Five Kobo)².

In the context of the contemplated transaction, Access Bank's Solicitors have set a materiality threshold at One Billion Naira (₦1,000,000,000) (the "Materiality Threshold"). Thirty-four cases fall within the Materiality Threshold. The aggregate claims in the cases within the Materiality Threshold represent over Ninety-Five percent (95%) of the value of all the claims against Access Bank. The total value of claims against Access Bank in the said Thirty-Four (34) cases is approximately ₦1,772,240,818,681.45 (One Trillion, Seven Hundred and Seventy-Two Billion, Two Hundred and Forty Million, Eight Hundred and Eighteen Thousand, Six Hundred and Eighty-One Naira, Forty-Five Kobo) and US\$ 91,347,054.00 (Ninety-One Million, Three Hundred and Forty-Seven Thousand, Fifty-Four United States Dollars) excluding interests and costs, which may be awarded by the courts after the final resolution of each matter.

Based on the assessment of the information contained in the case files provided for their review, their experience in litigation matters and understanding of the disposition of the Nigerian courts in the award of damages and other claims, Access Bank's Solicitors believe that the contingent liability that would arise from the cases, where same are diligently defended by Access Bank would not have a material adverse effect on the proposed Scheme. In arriving at this opinion, Access Bank's Solicitors have also discountenanced frivolous and exaggerated claims.

The Boards of Access Bank are also of the opinion that none of the aforementioned cases is likely to have any material adverse effect on the proposed Scheme, and are not aware of any other pending and/or threatened claim or litigation involving Access Bank.

Solicitor's Opinion on the Claims and Litigation against Diamond Bank Plc

Diamond Bank is currently involved as a party in different capacities in numerous court cases. During the course of the due diligence exercise, out of the 979 (Nine Hundred and Seventy-Nine) cases reviewed, 164 (One Hundred and Sixty-Four) are above the ₦100,000,000.00 (One Hundred Million Naira) materiality threshold set for the purpose of our review and this opinion. These actions are at various stages before various courts and a vast majority of the cases are still at the preliminary stages where the pleadings are yet to be closed. As at the date of this Opinion, in terms of value, significance, potential and probable merit, and other factors, Diamond Bank's ability to meet its obligations in relation the Scheme, in our view, is not adversely affected.

² In cases containing monetary claims denominated in United State Dollars, Access Bank converted the claims to equivalent Naira value at the prevailing exchange rate at the time the action was instituted.

Concerning corporate banking and commercial matters, majority of the causes of action focus on breach of credit facility agreements, debt recovery and other contracts between the Bank and its customers. The aggregate claim (above the materiality threshold) against Diamond Bank for commercial litigation cases reviewed is approximately ₦254,898,323,083 (Two Hundred and Fifty Four Billion, Eight Hundred and Ninety-Eight Million, Three Hundred and Twenty-Three Thousand, Eighty-Three Naira) while the aggregate claim (above the materiality threshold) for the corporate banking matters is ₦1,055,806,666 (One Billion, Fifty-Five Million, Eight Hundred and Six Thousand, Six Hundred and Sixty-Six Naira) and US\$86,40,000 (Eighty-Six Million, Four Hundred and Twenty Thousand United States Dollars).

Concerning other civil litigation matters, majority of the causes of action in the suits are based predominantly on negligence, fundamental rights enforcement, possessory claims, and trespass and land ownership. The aggregate claims (above the materiality threshold) against the bank under this category is approximately ₦95,392,422,505.3 (Ninety-Five Billion, Three Hundred and Ninety-Two Million, Four Hundred and Twenty-Two Thousand, Five Hundred and Five Naira, Three Kobo).

The solicitors to Diamond Bank are of the opinion that there is no material litigation pending against the bank or to the knowledge of its officials, threatened that either adversely affects the bank's ability to observe its duties and obligations in relation to the transaction or restrains the bank from undertaking the transaction.
